

Knowledge level

Level of knowledge	Score Percentage	Respondents	
		Number	Percent
High	76	6	46.15
Medium	51 to 75	6	46.15
Low	50	1	7.70
Total		13	100.00

It was observed that equal number of respondents i.e. 46.15 per cent were found to have high and medium level of knowledge followed by 7.70 per cent with low knowledge level.

SUGGESTION FOR ACTION

It was suggested that in addition to monthly training, the SMSs (Agronomy) must be exposed to other training or refresher courses for improvement of their knowledge level.
